## 01 PROFILE

I'm a little student with huge goals for be a Developer in specific a Front-end actually i'm learning React, either reading books like "Learning React" by Alex Bank & Eve Porcello or doing a course in Udemy by Nicolas Schurmann, being React the technology that i'm more nearby I'm really good starting a conversation that because i loves learn from the people that i have near, and i should say that is my principal source of knowledge, jeje
